Subject: Microsoft Settlement

To Whom It May Concern:

I understand that the address to which this email is being sent is the proper address for making comments relative to the DoJ proposed antitrust settlement with 9 states and Microsoft.

I believe that the proposed settlement is adequate and sufficient to complete any dealings between the DoJ and Microsoft. It seems to me that the provisions of the agreement are tough, reasonable, and more than fair to all parties involved. I believe completing this settlement is in the public interest and certainly in my personal interest. It is time to let Microsoft get on with their business and improve their products, of which I am a continuous user. I believe it is time to allow Microsoft to stop expending massive funds paying lawyers to defend itself against these suits and allow those funds to be used for the improvement of Microsoft products.

As a Microsoft stock holder, I believe that settlement of this action will improve my equities position.

The proposed settlement is in my interest and the public interest. The District Court reviewing the case should so find.

Thank you,
